

Online Teaching is Hard. Online Interaction is Now Easy.

Pronto is frictionless communication for every teacher and every student -- within class, across campus, or around the world. With chat, video, file sharing, and one-step integrations, **Pronto** helps teachers connect, students engage, and education stay on-track.

FEATURES

- Mobile app or web
- Live or asynchronous chat
- Announcements
- Instant language translation
- File sharing & storage
- Group video chat
- Text, multimedia, gifs, 👍 ❤️
- Tasks & to dos
- Scalable, reliable, compliant

GET ENGAGED

To stay on-track, every student needs to feel engaged and supported. Pronto increases touch-points and humanizes each interaction.

STAY CONNECTED

Education is about connecting with ideas, experts, and classmates. Pronto helps those connections develop within class -- and beyond.

HELPING TEACHERS ADAPT TO ONLINE, IN A HURRY

The best online learning is interactive, Pronto-style. But when institutions need classes to go online, even unexpectedly, (COVID-19 anyone?) having an LMS may not be enough. Pronto can help. It's simple to set up, easy to learn, and supports the essentials of online interaction. Pronto's designed to make it easy to keep your teachers, students, and staff informed. And getting started is painless: One university had Pronto setup and available to all 11,000 students in 55 minutes flat.
